

## Summer Reading for Grade 6 to Grade 7

Read the following books and complete the assignment for September:

*Found* by Margaret Peterson Haddix (science fiction)

*SOS Titanic* by Eve Bunting (historical fiction)

In September, you will be tested on the two books. You need to take notes while you are reading. When you finish reading, TYPE a book report for each book.

Include the following:

Setting (time and place of the story)

The main characters and a description of each

The point of view (who is telling the story)

The main conflict or problem in the story

The theme (author's message to us the readers or why the author wrote this story)

A detailed plot of the story (what happened in the story, including beginning, middle, and end).

At the end of each report, list any vocabulary words that were new to you; you do not have to include definitions.

Finally, staple both reports together; don't forget to put your name on it. These reports will be due on the **Tuesday, September 7, 2010**. These will be graded and will be a reading grade for the first trimester.

Enjoy your reading! Have a great summer!
